Synergy Press announces the publication of:

Times Queer

by Mykola Dementiuk

A dark, coming-of-age story
set in New York City in the 1950s & 60s

Follow Ricky, an immigrant child who grew up fast --
his introduction to sex at a young age
his risqué activities in Times Square movie theaters
his hopes and desires, his loss of innocence.

The dynamic conclusion will nearly break your heart.

Times Queer is longer than a short story, but shorter than a novel
or novella -- perfect for one or more sittings.
